Career Objective

Aspiring Data Analyst and Data Science enthusiast with hands-on experience in Python, Excel dashboards, and data visualization projects. Interested in solving real-world business problems using data-driven approaches. Seeking opportunities to strengthen analytical, visualization, and machine learning skills through practical industry experience.

Education

B.Tech - Information Technology	2023 – 2027
Varuvan Vadivelan Institute of Technology, Dharmapuri (Anna University)	
CGPA: 7.8 / 10	
Higher Secondary (XII)	2023
Government Higher Secondary School, Mooranahalli	
Secondary (X)	2021
Government High School, Bannihalli Pudhur	

Technical Skills

- **Programming:** Python, SQL, Java (Fundamentals)
- **Data Analytics:** Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization
- **Tools & Platforms:** Excel, Google Colab, Jupyter Notebook, VS Code
- **Libraries:** Pandas, NumPy, Matplotlib

Internship

EPBL Internship – Generative AI	2025
• Learned Generative AI concepts, prompting, and AI workflow basics. • Explored AI tools and real-world applications of Generative AI.	
Cloud Computing Internship	Jan 2026 – Apr 2026
• Gained knowledge in cloud computing fundamentals and cloud services. • Learned basic cloud deployment and application management concepts.	

Projects

Student Performance Analysis	2025
• Analyzed student academic performance data using Python and Excel. • Created reports and visual insights from datasets.	
Sales Data Dashboard	2025
• Built an interactive Excel dashboard using charts and Pivot Tables. • Visualized sales trends and monthly revenue analysis.	
E-Commerce Cart System	2026
• Developed a basic e-commerce cart system for product ordering. • Implemented add-to-cart and remove-cart functionalities.	

Certifications

- Data Science – Coursera
- Python Programming – Coursera
- SQL Fundamentals for Data Analysts – Coursera
- Data Science Foundations – Oracle
- Advanced Excel – Naan Mudhalvan
- Data Science Course Completion – Softrix Innovation, Bangalore

Additional Course

- Successfully completed a Data Science course at Softrix Innovation, Bangalore.
- Gained practical exposure to Python programming, data preprocessing, visualization, and basic machine learning techniques.
- Presented a paper titled “Applications of Artificial Intelligence in Data Analytics” at the National Level Technical Symposium conducted by University College of Engineering, Panruti (2025).

Co-curricular & Leadership

- Assistant Coordinator – Department Technical Symposium
- Organized and managed technical and cultural events.
- Member – Fine Arts Club

Strengths

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Quick Learner

Extra-curricular Activities

- Chess
- Football
- Cricket
